JAMES TYRRELL

SKILLS & ABILITIES

VIDEO EDITING: My editing experience is vast and ranges from working with production companies, advertising agencies and clients directly. I am an experienced non-linear editor using tools such as Final Cut Pro, After Effects, Apple Motion, Color, Adobe Premiere Pro, Sony Vegas and more. My regular work ranges from commercial, corporate, short films, music videos, sports and more. I take pride in providing fresh and dynamic editing styles in all my work, while understanding conventional editing techniques and acknowledging the craft in editing.

DIRECTING: I have experience in directing actors, talent and interview subjects in various situations. I am confident in overseeing the creative process in a production from pre-production through to a final product.

CAMERA OPERATION: I have good knowledge and experience in camera operation for documentary, drama, commercial, corporate, sports and live productions. I have operated a range of different cameras in both single and multi-cam environments. I also have experience as 2nd AC on larger scale productions.

LIGHTING: Experienced in lighting for interview situations, drama, documentary and corporate productions for interior and exterior situations. I was trained specifically in lighting by Peter Menzies Snr at North Sydney College of TAFE.
