#### ANDY FERNANDEZ

Andy is equipped with over 20 years professional experience in the film and TV industry, with a robust remote suite capable of editing, motion graphics, colour grading and onlineing.

Andy's technological experience includes all major non-linear editing software including Premiere, Avid and Final Cut Pro, as well as a deep understanding of motion graphics using After Effects and colour grading in DaVinci Resolve. He is also well versed in Photoshop, InDesign, Illustrator and many other software programs.

He has a deep understanding of the entire filmmaking process, having worked the gamut of pre-production, production and post-production on hundreds of projects - from TVCs to feature films, corporate and agency projects, television and online content.

## TESIMONIALS

“ We’ve worked with many people from RMK, none more intuitive, flexible and easy to work with than Andy. His craft is exceptional and elevated our responses significantly. Would 1000% recommend. ”

- **Chris Colter**

**[www.initiative.com](http://www.initiative.com)**

“ Andy is a quick and talented editor. He works well with our producers and is very versatile. He has edited long format current affairs pieces, 30 minute forum style shows and shorter packages.

I would definitely hire him again in the future.”

- **Lanneke Hargreaves**

**Supervising Producer – The Feed, SBS**

“ Andy is super fast, incredibly collaborative and so easy going. He jumped into an existing project at the last minute and very quickly got across all of the requirements and kept us updated with his progress at every step. Being so adept at Premiere and After Effects is a massive asset. ”

- **Dave Emery**

**Supervising Producer, ZigZag Tv**

“ Andy is a ripper. He gets it. Strong sense of narrative and always up for the challenge. Can turn his skilled hands at pretty much anything.

You are in safe hands with Andy. ”

- **Sam Yeomans**
