ANTHONY GIBBES

DoP | Editor | Photographer

About me:
Originally a Kiwi, I moved to Sydney in jan 2022 from London where I had been living and working since I was 13. I have worked in the industry for the last 10 years and worked on a wide range of projects and project sizes. My main skills lay in shooting/camera operating video editing and photography with over 7 years working experience in London and the last 3 in Sydney. I currently run my own production company creating end to end content for various companies and I am represented by RMK crew in Sydney as a shooting and video editor. I excel as a shooter/director where I am sent out as a one man band and needed to direct as well as shoot, light and run sound, but I also love slotting into a team where I can support others in their roles and be supported as well. I have worked with a wide variety of clients from different industries including but not limited to music videos, corporate, fashion films, Health and fitness, hospitality, esports content and more.

Education:
I did not follow the usual routes into the film industry, instead I did a 2 year film internship in London where I learnt everything from editing to shooting. I then went on to intern for a Shoreditch based creative agency where I spent a year there working on films from small coffee shop brand films to McDonalds recruiting campaigns. I then went on to freelance full time in London.

Style:

I love telling a story in the most beautiful way I can while maintaining a brand's vision and aesthetics. I am highly adaptable in my style but keep to my core storytelling ethos in creating beautifully and purposefully.

Software:
Davinci Resolve (Advanced), Adobe Premiere Pro (Advanced), Adobe After Effects (Advanced), Adobe Photoshop (Advanced) and Adobe Lightroom (Advanced)

Skills: Camera Operating | Video Editing | Motion Graphics | Shooter/Director | Photographer | Retouching

Equipment:
I own 2 Blackmagic Shooting kits (4k + 6Kpro) + a Canon R6ii along with a vintage Zeiss lens set and EF lenses. I am competent at using a wide variety of cameras from companies including RED, Sony, Canon, Panasonic and Blackmagic. I also have a small studio in Sydenham.
