CALUM STEWART

Director of Photography

Profile

I am a dedicated and highly motivated director of photography and camera operator, with a passion for what I do. I pride myself on my work ethic, my ability to deliver on time and on budget, and my ability build and maintain great relationships within the industry. I've been actively working in the industry for over 15 years, based in both Australia and the UK and shooting around the world. Over this time I have worked on a huge variety of projects as both a camera operator and as a director of photography. These include independent feature films, cinematic documentaries, commercials, scripted & reality television, music videos and many corporate, content and promotional films.
