

2D Animator

## Employment History

**STRUTHLESS STUDIOS, 2D Animator 2021 — Present** Marrickville, NSW

Struthless Studios is an animation and production studio with a DIY ethos. As it is still a small studio I'm required to wear many hats from character design, to story-boarding, character rigging and animation whilst matching the art style created by founder, Campbell Walker aka Struthless.

**HIGH N' DRY, Graphic Illustrator 2016 — Present** Leichhardt, NSW

Operating since 2016, High N Dry are a cult burger chain in Sydney. I have been their key artist since launch and have designed a unique set of burger characters to match their cheeky aesthetic. These characters have come to life across placemats, t-shirts, bar murals and advertising.

**THE UNIVERSITY OF SYDNEY , Graphic Illustrator 2018** Camperdown, NSW

Each year the University of Sydney runs a fundraising day on campus to

raise money for important research. I partnered with them to develop fun and interactive displays featuring cute & friendly koala characters to encourage staff and students to open their wallets for koala research.

## Education

**TAFE NSW, Diploma of Digital Media 2008**
