LUCAS BRADLEY

INTRODUCTION

As a director I have created TVCs for brands including Rebel Sport, SBS, Asics, Vodafone, Marley Spoon, Amnesty International, HTC and Garmin.

As Screen Editor with over 15 years experience, I have cut for broadcast TV shows, TVC's, branded content, web videos, agency pitches, case-studies, documentaries and yes - hundreds of hype videos.

I am a highly experienced Adobe Premiere Pro operator with solid After Effects skills and I am extremely comfortable editing with a room full of agency reps and clients or toiling away solo to hit the producer's brief.

Long hours; creative approaches to problem solving; lots of green tea; whatever it takes to get the job done.
