MATTHEW EARLY

I'm a Sydney-based DOP, Camera Operator, and Shooter Producer with 15 years' industry experience across reality, factual, and documentary productions. I bring a strong visual sensibility, sharp storytelling instincts, and a reputation for reliability and creative collaboration. Whether capturing raw emotion or high-action moments, I tailor every frame to resonate with audiences and elevate the story.

Throughout my career, I've had the privilege to collaborate with an extensive range of clients both domestically and abroad, working on productions for Disney+, Amazon Prime Video, Fox, BBC Studios, Discovery Channel, Warner Bros., National Geographic, and Australian broadcasters; Seven, Nine, Ten, ABC and SBS.

I pride myself on my exceptional work ethic, seamlessly balancing the technical requirements of any given shoot with the creative vision needed to achieve outstanding results. My strong communication skills and keen attitude make me a valued asset to any camera department and production team.
