## THOMAS DAY

### OBJECTIVE

I have worked as a Sound Recordist/Boom Operator/Post Sound Engineer for the past 4-5 years. Starting small recording on student projects and assisting on larger projects. Then after graduating Film school moved on to bigger projects and now own a small home mixing studio suitable to 5.1 surround mixing, along with a full high quality location sound kit capable of recording both small budget projects and high budget projects. I can change and mod my kit depending on the budget and job.

Years of Experience and countless shoots under my belt I'm keen to jump on any project. I strive to make all projects i work on sound as amazing as possible. Love working with varying clients and creative's to make a quality product.

### SHOWREEL/ RECENT WORK

**WOODEN BLOCKS** | Screening St Kilda 2019  
Sound Designer/Boom Operator
