

**WREN STEINER****FREELANCE PHOTOGRAPHER/DIRECTOR/DOP**

Hello, I specialise in expertly crafted, documentary-style imagery, firmly grounded in realism. Drawing from my documentary background, I possess the skill to capture the often-overlooked essence of a moment, which I leverage to create work that not only communicates truths but also forges deeper connections.

My approach is thoughtful and practical. I enjoy collaborating closely with agencies and brands to ensure my work aligns with their specific needs. I bring an affable, unpretentious nature to my work, and my unwavering dedication to my craft instills confidence while bringing out the best in the creatives I collaborate with.

I currently reside in Melbourne with my partner, two children, an appreciation for bespoke woodwork, a growing collection of photography books, and the occasional nip of single malt.
