HAYLEY MAC

Hair and Makeup Artist
VICTORIA, AUSTRALIA

ABOUT:

I've always believed in keeping makeup simple, but simple doesn't have to mean boring. My philosophy is uncomplicated — less is more, beauty is simplicity.

I'm very passionate about my job and this reflects in my work. Through my fresh style and approach to hair & makeup I believe I have made my trademark within the industry. My extensive experience has seen me travel many avenues within the editorial, fashion, photography, TV, corporate, publicity, and bridal industry, while also working with some of our best celebrities.

I consider myself a skilled professional with high personal values and a relaxed personality, that when mixed with my talented creative flair has enabled me to build wonderful relationships and an excellent rapport with the clients I've worked with.
